

# **OUTPUT SCREENS**

## OUTPUT SCREENS

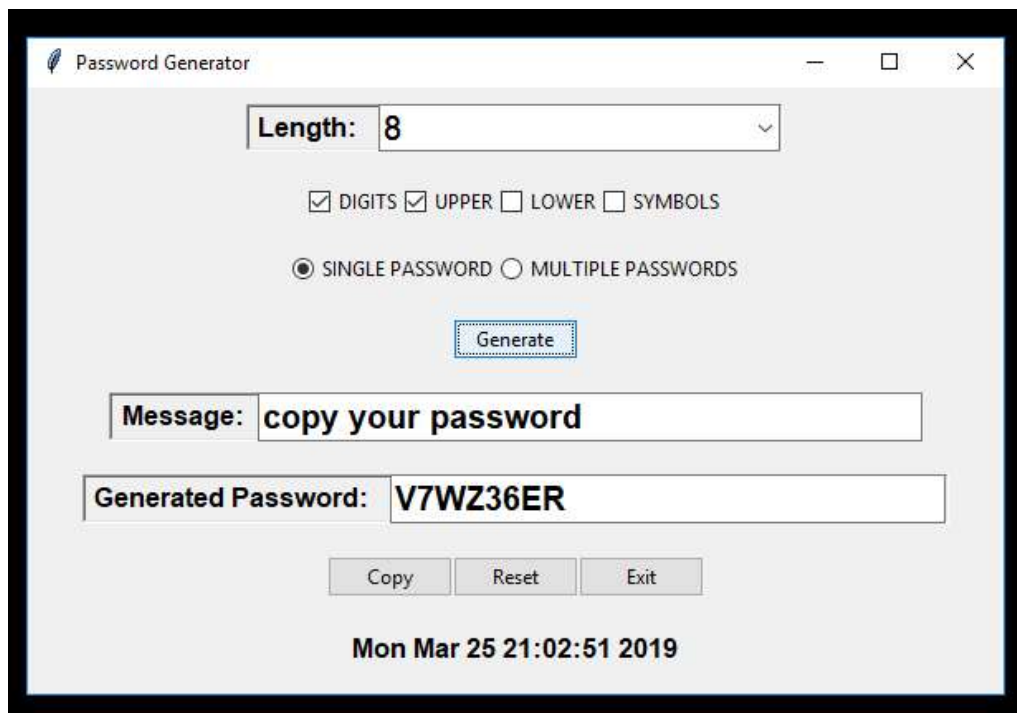

The screenshot shows the 'Password Generator' application window. The title bar includes a feather icon and the text 'Password Generator', along with standard window controls. The interface features a 'Length' dropdown menu set to '4'. Below it are four unchecked checkboxes for 'DIGITS', 'UPPER', 'LOWER', and 'SYMBOLS'. There are two radio buttons for 'SINGLE PASSWORD' and 'MULTIPLE PASSWORDS', both of which are unselected. A 'Generate' button is positioned below the radio buttons. Further down are two empty text input fields labeled 'Message:' and 'Generated Password:'. At the bottom of the form are three buttons: 'Copy', 'Reset', and 'Exit'. The footer of the window displays the timestamp 'Mon Mar 25 21:02:51 2019'.

This is the default home page

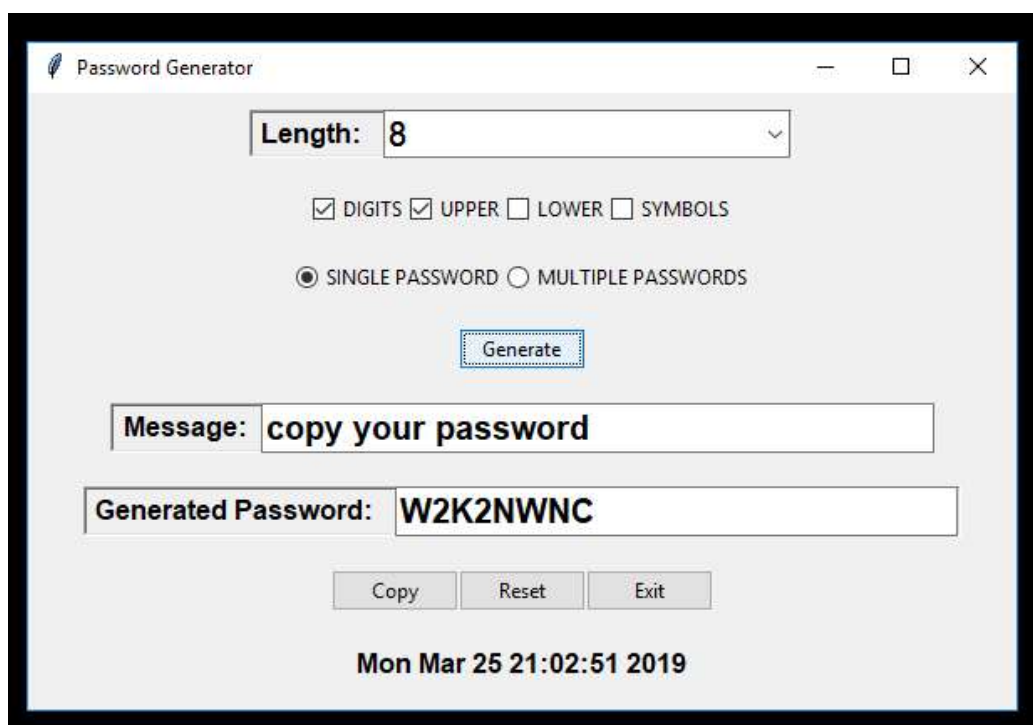

This screenshot shows the same 'Password Generator' application window after user interaction. The 'Length' dropdown is now set to '8'. The 'DIGITS' and 'UPPER' checkboxes are now checked, while 'LOWER' and 'SYMBOLS' remain unchecked. The 'SINGLE PASSWORD' radio button is now selected and highlighted with a dashed border, while 'MULTIPLE PASSWORDS' remains unselected. The 'Generate' button is now highlighted with a blue border. The 'Message:' and 'Generated Password:' text input fields remain empty. The 'Copy', 'Reset', and 'Exit' buttons are still present at the bottom. The footer timestamp 'Mon Mar 25 21:02:51 2019' is unchanged.

After selecting the options click on generate

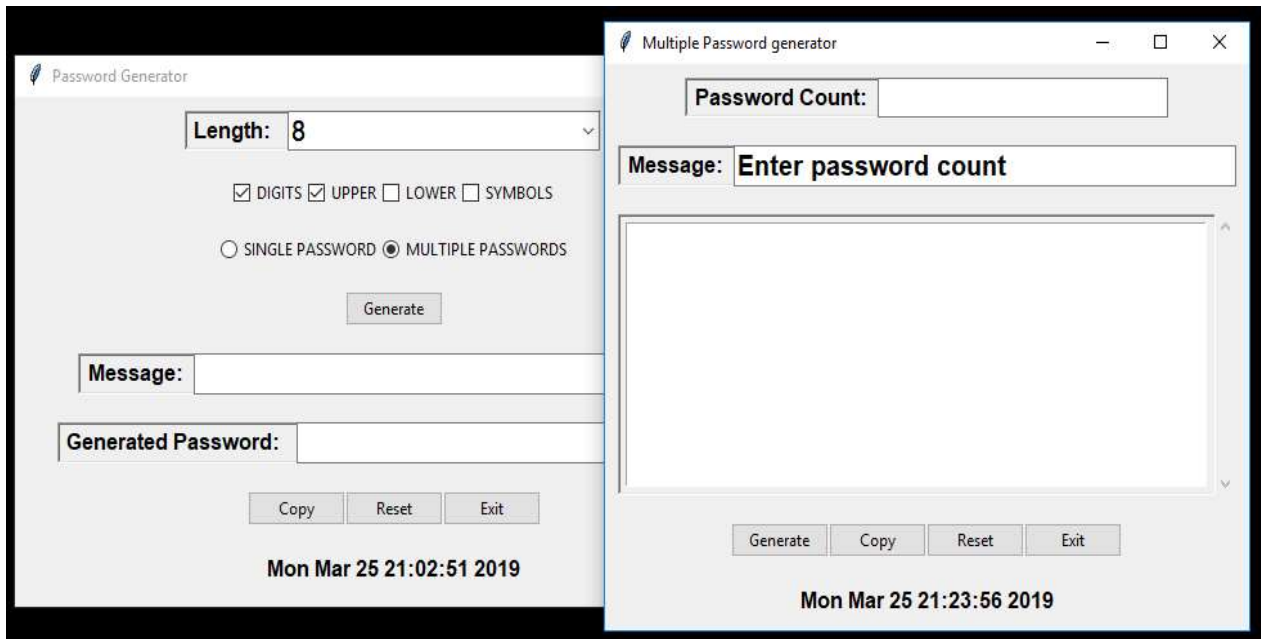

The screenshot shows a window titled "Password Generator" with a feather icon. It features a "Length:" dropdown menu set to "8". Below it are checkboxes for "DIGITS" (checked), "UPPER" (checked), "LOWER" (unchecked), and "SYMBOLS" (unchecked). There are radio buttons for "SINGLE PASSWORD" (selected) and "MULTIPLE PASSWORDS" (unselected). A "Generate" button is highlighted with a dashed blue border. Below the button is a "Message:" label followed by a text box containing "copy your password". Underneath is a "Generated Password:" label followed by a text box containing "V7WZ36ER". At the bottom are three buttons: "Copy", "Reset", and "Exit". The timestamp "Mon Mar 25 21:02:51 2019" is displayed at the very bottom.

**Password will Generated after clicking on Generate Button**

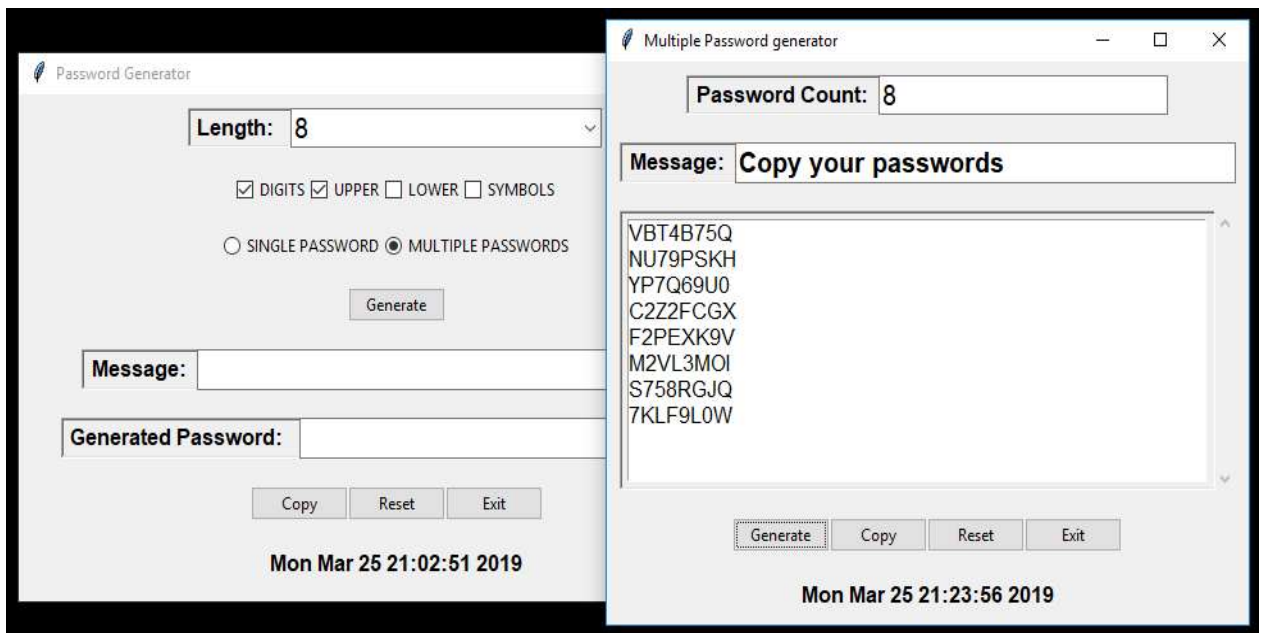

This screenshot shows the same "Password Generator" application window. The settings are identical to the previous one: "Length" is 8, "DIGITS" and "UPPER" are checked, "SINGLE PASSWORD" is selected. The "Generate" button is again highlighted with a dashed blue border. The "Message:" text box still says "copy your password". However, the "Generated Password:" text box now displays "W2K2NWNC", indicating a new password has been generated. The "Copy", "Reset", and "Exit" buttons remain at the bottom, along with the same timestamp "Mon Mar 25 21:02:51 2019".

**Every time when we click on Generate Button a new password will be generated**

**This is for the Multiple Password Generator**

**After entering the count, click on generate Button in Multiple Password Generator to generate multiple passwords**
